

## PRESS RELEASE

### **Epic-Premier Insurance Solutions – Company growth necessitates move to larger facility.**

**Mesa, AZ – March 9, 2015.** Epic-Premier Insurance Solutions, Inc. is pleased to announce that our Arizona office will be relocating to the top floor of One MacDonald Center in Downtown Mesa at the end of March 2015.

In the past two years, Epic-Premier has experienced a 48% expansion of staff across the company, including 17 new staff additions to the Mesa office. Our Software Development and Quality Assurance groups based in Mesa now boast the largest full time, domestic team of software developers in our segment of the insurance industry. Our recent growth is attributed to an increased effort to promote awareness of the company and our ConceptOne™ suite of software products. The efforts have resulted in wider acceptance and recognition for Epic-Premier's unique combination of robust software, consulting services, and industry experience.

Epic-Premier has been a member of the Mesa business community since 1996, originally as Epic Solutions, Inc. and then as Epic-Premier Insurance Solutions, Inc. following a 2005 merger with Premier Insurance Solutions, Inc. (Lakeland, FL). Finding a new location in Mesa to support the necessary expansion was significant and we were excited to locate a facility that would also support the rejuvenation of Downtown Mesa. Jeffrey Keeney, Partner and Chief Technology Officer, commented, "As a long term business owner and resident of Mesa, I am thrilled to find a great facility that meets our expansion needs and to actively participate in the revitalization of Downtown Mesa. We are eager to be a part of the downtown community." The new facility at One MacDonald Center has many benefits including 10,500 square feet of high quality office space, panoramic views of the Mesa area, and quick access to the new light rail extension.

"We are happy to welcome Epic-Premier to Downtown Mesa. They will be a tremendous asset to the downtown business community," District 4 Councilmember Chris Glover said. "The expansion of Epic-Premier to Downtown Mesa further illustrates the remarkable potential of the area," City of Mesa Economic Development Director Bill Jabjiniak said. "We look forward to seeing them continue to grow and prosper in Mesa."

#### **ABOUT EPIC-PREMIER INSURANCE SOLUTIONS, INC.**
